EXTEND HIGH SCHOOL CONTRACT

Earlington, Dawson Springs and Hanson Schools now County High Schools

FAVORABLE ACTION YESTERDAY BY COUNTY BOARD OF EDUCATION

School Men Recommend More County High Schools

Madisonville, Ky., Sept. 2, 1911
To the Hopkins County Board of Education,
Gentlemen:

We, the principals and superintendents of the Graded Schools of this County, wish to report that we believe the High Schools at Dawson Springs, Hanson, Earlington and Madisonville all fill the requirements of law for County High Schools, and it is our judgement that advantages for an education would be very much increased to deserving pupils if the High Schools contract was extended alike to all these schools.

Respectfully submitted,
R. B. Rubins
V. M. Taylor
C. E. Dudley

(Prof. Jenkins, of Dawson Springs, took active part in the conference of school men, but was not present when the above report was drawn, hence his name does not appear as signature to the report, which he endorses.)

The County Board of Education yesterday took favorable action on the above report of the heads of the several high schools of the county and extended the existing County High School tuition contract to the Dawson Springs, Hanson and Earlington high schools.

This was the culmination of the resolution offered at the August meeting of the Board by Paul M. Moore, at which time he reopened the question before the County Board and urged that the free high school tuition privileges to be extended to all high schools of the county so that all the common school graduates of the county might have equal privileges and all be given the opportunity to get without cost a high school education by permitting them to attend a high school within their reach. At that meeting the resolution asked for a conference of the school men and a report by them to the County Board.

Heretofore the County Board had, for the past two years, restricted attendance of county pupils to the Madisonville High School by a contract that excluded other schools of the county for a term of three years.

Prof. Rubins, at the August meeting, said he was willing, to waive the exclusive clause of the contract, which a member of the board argued was illegal. Since that time the Madisonville School Board held a meeting and agreed to waive their right to the enforcement of that clause of the contract. Yesterday Prof. Rubins conveyed to the County Board of Education the best wishes of himself and his School Board and lent his best efforts to help arrange the plan for extension of the free high school privileges to all the children of Hopkins county.

The extension of the contract goes into effect at once and dates from the opening of the high schools for this year's work. School men and members of the County Board consider this one of the most important steps for the advancement of the educational interests of the county ever taken by the Hopkins County Board of Education.

Short Term Schools of County Cannot be Extended This Year

COUNTY BOARD OF EDUCATION DECIDES BECAUSE OF FEW FUNDS

The short term schools of Hopkins county will continue to be short term during the present school year but the County Board of Education has gone on record in favor of taking the matter up in time next year, when they hope to have funds a plenty of this undertaking, and extending all the so called "pauper schools" to the full legal term of six months prescribed by law for "common schools" in Kentucky. There are this year seven white schools and seven colored schools that are being taught only from two to four months, because the per capita in the "pauper districts" is not sufficient to pay a teacher for longer terms. It is found upon investigation that these schools could be extended for the full six months term by the expenditure on an average of one hundred dollars for each school, and the County Board has the undoubted authority under the law to do this. Paul M. Moore introduced at the August meeting a resolution asking that these schools be extended to the full six months this school year. Yesterday the report of the committee appointed to investigate, cast doubt upon the ability of the Board to find the necessary funds this year and a motion prevailed "to defer the extension of short term schools until next year."

The majority of the members of the County Board consider this a most important matter and are anxious to give the proposed aid to those children who are unfortunate enough to live in these short term school districts.

Lively as a Boy.

If you are tired, run down, have no appetite, get a bottle of Yucatan Chili Tonic. A few doses will set you up—give you a boy's appetite—make you strong and lively as a twelve-year-old. Purifies the blood and strengthens the system. 50c a bottle at the St. Bernard Mining Co., Incorporated, Drug Department.

NO CHANGES IN PERSONNEL OF COUNTY BOARD

Of Education—First Time Since First Organized All Old Members Returned

For the first time since the County Board of Education was organized under the present law there were no changes in the personnel of that body when the date of reorganization came at the meeting held yesterday. It was found that all the old members had been returned by their respective division boards. There was many who know who hold that the best service can be rendered the public when the majority, at least, of the County Board is retained in office longer than one or two years and until they become somewhat familiar with the requirements of the law and their powers and duties, and unafraid of taking a positive position in favor of progress under the law which gives them great powers and a wide discretion upon all school matters.

Take HERBINE for heartburn, sour belching or constipation, it cleanses and strengthens the liver, stomach and bowels. Price 50c. Sold by St. Bernard Drug Store.

J. B. Blanks Goes With Sunset Coal Company

J. B. Blanks has accepted the position of superintendent of the Sunset Coal Company. This place was made vacant by the resignation of Mr. Carroll. Joel McPherson Jr. has also accepted position with the Sunset Company as bookkeeper. Both of these gentlemen are fully fitted for the positions they hold.

EARLINGTON PUBLIC SCHOOL OPENING

Enrollment Large and Much Enthusiasm is Shown First Day

ALL BUT ONE OF THE FACULTY THE SAME AS LAST YEAR

Earlington Graded and High School opened yesterday morning with enthusiasm on the part of parents, pupils and teachers and it looked like they were all going to be there. The enrollment was large with indications of an overflow attendance before the first term is very old. The enrollment includes a few pupils from Mortons Gap, St. Charles and the country surrounding Earlington. The teaching force is the same as last year except that Miss Elizabeth Kemp takes the place of Miss Martha McGary, who removed to Texas this summer. The faculty is as follows: Prof. C. E. Dudley, principal; Misses Goldie Weir, Katie E. Murrell, Ruby G. Sisk, Elizabeth Kemp, Sue M. Willis, Mary Mothershead and Mr. Ralph Dudley.

The Earlington School is now one of the four County High Schools of Hopkins County.

Revs. W. C. Brandon and D. T. Stanley attended and took part in the opening exercises. A number of parents were present.

Church Notes

M. E. Church, South

Owing to the inability to secure some paints and varnishes on time, the new Methodist church will not be opened next Sunday, but the opening will be postponed until Sunday week. Services same as usual next Sunday in the old church. Rev. J. B. Adams, the presiding elder, will preach in the evening. This will be the last quarterly meeting this year. Immediately after conference the pastor will on Oct. 4 begin series of meetings, in which he will be assisted by Rev. Wimberly, of Madisonville.

SWEET MEMORIES OF THINGS PAST AND BRIGHT HOPES

Of Larger Future Expressed in Special Service at M. E. Church, South, Sunday Night

At the Methodist Church, South, Sunday night the last evening service was held that will be in the old building and the service was more appropriate to the approaching departure from the building that has sheltered the steadily growing congregation for some twenty years past. Many of the little band who then put their efforts and their money into the frame building on Sebree Avenue have passed over or have removed to other parts, but the growth has continued steadily and now the congregation is to move this month into a handsome new brick building almost complete on the corner of Robinson street and Moss Avenue, next to the parsonage owned by the congregation. J. R. Dean, who has for some weeks been confined at home with serious illness, is one of the few men who led the movement to build the little frame church and he has been one of the most active and efficient workers in the more ambitious accomplishment of the new building. His absence was noted with sorrow at the Sunday night service. Rev. W. C. Brandon preached an appropriate sermon and was followed in brief talks by Prof. C. E. Dudley and Paul M. Moore, touching on the memories of the old and the hopes and purposes of the new. The first service to be held in the new church will be Sunday school on the morning of Sept. 24, it being found necessary to postpone the opening one week because of delay in several items about the finishing of the interior and the erection of the furniture.

Very Serious

It is a very serious matter to ask for one medicine and have the wrong one given you. For this reason we urge you to be careful to get the genuine—

THEDFORD'S BLACK-DRAUGHT Liver Medicine

The reputation of this old, reliable medicine, for constipation, indigestion and liver trouble, is firmly established. It does not imitate other medicines. It is better than others, or it would not be the favorite liver powder, with a larger share than all others combined.

Every one interested in politics will find a wealth of enjoyment in the great political melodrama, "The Night Rider," which will be produced at Temple Theatre one night, Tuesday, Sept. 19. A subject of vital importance to millions of voters, this sensational stage interpretation of stirring scenes enacted during the night rider's reign of terror in the Burley tobacco district, will appeal to all who yearn for decent and clean politics. Into the play is interwoven a delightful love story.

Every Dollar of an Ad Reader's Money is Above Par

Frequently Its Buying Power is Actually Doubled

Your dollars vary in value as they vary in purchasing power. The man or woman who studies advertisements is able, frequently, to make one dollar do the usual work of two. And the experienced reader of advertisements will always make a dollar command a premium—make it buy more than a dollar's worth, as figured on "ruling prices" of things.

How much "above par" are the dollars in your pocket worth? It will depend on how closely you study the buying opportunities outlined in the store ads.

Farmers Need It

The progressive farmer is regarded as the TYPE of independence. He lives well, has practically everything he wants, and has money in the bank. Do you know what made the successful farmer? Why, it was simply the application of business principles and methods to agriculture. If you are a farmer and haven't a business education, you are simply making old Mother Earth give you a bare living, when she ought to yield you a surplus. Apply business principles—bookkeeping, etc.—to your farming operations, and you will be astonished to see how much more can be done by a little SWEATING. For catalogue, address Draughon's Practical Business College, Nashville, Tenn., or Paducah, Ky., or Evansville, Ind., or Washington, D. C.

COLDS AFFECT THE KIDNEYS

Many Earlington People Have Found This to be True

Are you wretched in bad weather? Does every cold settle on your kidneys?

Does your back ache and become weak?

Are urinary passages irregular and distressing?

These symptoms show kidney weakness.

The kidneys need quick help.

Doan's Kidney Pills cure kidney suffering.

Earlington people say so.

Mrs. Francis Rutherford, Earlington, Ky., says: "For over three years I suffered from weak kidneys and dull pains in the small of my back and whenever I did any work that required lifting, sharp shooting twinges passed through my loins. My back ached at night and when I arose in the morning I was very stiff and lame. I generally felt dull and languid and was also bothered by nervousness. Headaches were common and I had dizzy spells, during which there was a blurring of my sight. The kidney secretions were also unnatural, and if I caught cold it settled on my kidneys and at such times my suffering was aggravated. Learning of Doan's Kidney Pills, I procured a box and received relief in a short time after commencing their use. I continued taking them until I had finished the contents of two boxes, at which time I was completely cured."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

You Need Stationery.

Nothing gives an individual or a firm standing in the business world like nice stationery neatly printed. The Semi-Weekly Bee job department keeps constantly on hand a fine line of letterheads, noteheads, billheads, statements and envelopes, both linen and commercial. We also do circular, invitation and catalogue work. Give us a trial. You will be pleased.

Big Circus at Hopkinsville

Forepaugh and Sells Brothers to Exhibit There on Thursday, Sept. 28th

The Great Adam Forepaugh and Sells Brothers' circus will give two performances in Hopkinsville on Thursday, Sept. 28.

In New York City this show is considered the best of all American amusement institutions. For nearly fifty years it has held first place in the esteem of the public—in fact of the world, for there is not a country on earth that is civilized where at some time or another it has not pitched its many acres of tents.

The sensation with the show this year is the automobile double somersault in mid air, accomplished by a young French woman not yet out of her teens. For utter recklessness and apparent disregard of death this act stands pre-eminent. The heavy car shoots with lightning speed down a slender incline, leaps high in air and while the audience is gasping it turns two complete revolutions in space, then dropping with terrific force to a steel platform. This is the most thrilling of all the world's thrillers. Circuses in the past have exploited a tame affair billed as a double somersaulting automobile act, but when the truth is known but one and one half revolutions were accomplished. This is the only act of genuine character that has been seen in this country. It is a French importation.

Other thrills are added by the Ty Bell "Human Butterflies." They are three beautiful French girls who, clinging by the teeth to slender steel wires, are drawn to the dome of the tent, where by means of hidden mechanism they are made to dive, dart and plourette like birds while a battery of electric spotlights and calcumines bathe them in fantastic colors. The act is the most sensational and at the same time the most beautiful aerial spectacle ever devised.

The parade which the show is giving this year is three miles long and absolutely new in ideas from start to finish. Over 1,000 people, 550 horses and three herds of elephants are seen in it. The entire equipment of the show is new and the menagerie is the most complete collection of rare animals in America.

School Will Soon Open and The St. Bernard Store ALWAYS TO THE FRONT

Has for the purpose of making the girls wear as broad smiles as possible selected a nice line of pretty styles in Ginghams, Percales and other Dress Goods suitable for school.

Nor Have We Been Unmindful of the Boys

We are endeavoring to carry a stock of merchandise that will meet the demands of the people of Earlington and surrounding country.

The Money You Spend Helps to Build up Some Place

Will you give us your patronage and assist in building up Earlington instead of going or sending elsewhere for goods? We are making special low prices on all summer goods in order to make room for the fall goods. Thanking you for all past favors we will be glad to have you call and see us.
